**PETITION TO WITHDRAW HOLDING OF ABANDONMENT**

This paper is in response to a Notice of Abandonment mailed February 23, 2007.

The notice cited Applicant's failure to timely respond to an office action mailed July 24, 2006 as the reason for the abandonment.

The undersigned as attorney for the Assignee represents that the Assignee did not receive any non-final Office Action and therefore could not have been aware that a reply was due. Attached to this Petition is a copy of the Assignee's mail log showing no receipt of any non-final Office Action for the said application during the period July 24, 2006 to January 24, 2007, when it should reasonably have been received. A declaration from Jennifer Vise, Legal Program Specialist in Agilent's Intellectual Property Administration group, attesting the non-receipt of the Office Action, is included.

With the submission of Agilent's mail log, Applicant petitions for withdrawal of the holding of abandonment and re-issuance of the non-final Office Action. The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(a) was unavoidable.

A petition fee of \$500, payable under 37 CFR 1.17(l), is authorized to be deducted from Applicant's USPTO Deposit Account 50-1078.

Respectfully submitted,

/Ian Hardcastle/

DECLARATION OF JENNIFER VISE IN SUPPORT OF A PETITION TO  
WITHDRAW THE HOLDING OF ABANDONMENT BASED ON  
FAILURE TO RECEIVE A NON FINAL ACTION

I, Jennifer Vise, who reside in Windsor, Co 80550, hereby declare as follows:

1. I am currently the Legal Program Specialist for the Agilent Technologies Inc. Legal Department. I have held this position since September 11, 2006.
2. My responsibilities include maintaining a corporate mail log of formal papers received from the Patent and Trademark Office addressed to the Agilent Technologies Inc., Intellectual Property Administration.
3. Our procedure for handling formal papers received from the Patent and Trademark Office is as follows:
  - (a) Mail received from the U.S. Patent and Trademark Office is opened and date stamped to reflect the date received.
  - (b) The actions are then docketed in our patent database.
  - (c) The formal papers are entered into a mail log in our patent database, identifying each of the formal papers by the type of action, date of mailing from the Patent and Trademark Office, date of receipt by the Agilent, serial number of the patent application, internal docket number, and initials of the responsible Agilent attorney.
  - (d) The original formal papers are sent to the Agilent attorney responsible for the corresponding patent application via Express Mail or Federal Express.
4. A copy of the Agilent Legal Department mail log reflecting Mailed Date Period between July 24, 2006 and January 24, 2007 is attached.
5. If a Non-Final Action were received from the U.S. Patent and Trademark Office for patent application serial number 10/674,323, Agilent's attorney docket number 10030761-1, this Non-Final Action would have been logged in the mail log and the Non-Final Action put into a file docket. This Non-Final Action does not appear in the attached mail log nor found in the file docket.
6. It is my belief that the Non-Final Action for patent application serial number 10/674323, Agilent attorneys docket number 10030761-1, was not received by Agilent Technologies Inc., Intellectual Property Administration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
